

INTRODUCTION

New York City's demographics show that it is a large and ethnically diverse metropolis. It is the largest city in the United States with a long history of international immigration.

The purpose of this Project is to help people in exploring better facilities around their neighborhood. It will help people making smart decision on selecting appropriate neighborhood out of numbers of other neighborhoods in New York.

Lots of people are migrating to various states of New York and needed lots of research for good housing prices, restaurants, tourist place etc. This project is for those people who are looking for better neighborhoods. For ease of accessing to Cafe, School, Super market, medical shops, grocery shops, mall, theatre, hospital etc. With its diverse culture, comes diverse food items. There are many restaurants in New York City, each belonging to different categories like Chinese, Indian, and French etc.

This Project aim to create an analysis of features for a people migrating to Scarborough to search a best neighborhood. It will help people to get awareness of the area and neighborhood before moving to a new city, state, country or place for their work or to start a new fresh life.

Problem:

- List and visualize all major parts of New York City that has great Indian restaurants.
- What is best location in New York City for Indian Cuisine?
- Which areas have potential Indian Restaurant Market?
- Which all areas lack Indian Restaurants?
